

Capability Statement

SD Solutions is an award-winning organization certified in CMMI DEV 3, CMMI SVC 3, ISO 9001, ISO 27001 and ISO 20000 with exceptional and very good CPARS.

We are an SBA Certified 8(a), HUBZone, Small Disadvantaged Business (SDB), with a mission to deliver exceptional results to our clients with best-in-class government-wide contract vehicles, strong business acumen, innovative technical solutions, and dynamic management services.

We listen, innovate, collaborate, and deliver value.

Digital

Legacy systems introduce growing risks and vulnerabilities that are a constant concern for leaders. Our team provides the expertise and solutions needed to modernize and secure your systems.

- Cloud Services & Migration (AWS & Azure)
- DevSecOps Transformation
- API Development
- Website, Mobile, and Application Development
- Legacy System Modernization

We provide end-to-end cybersecurity and privacy services that support agencies at every level. Our services are designed to strengthen security and ensure compliance.

Cyber

- Continuous Diagnostics and Migration (CDM)
- Agency-Wide Cybersecurity and Privacy Support (CISO, CIO, ISSO, SOAR)
- Assessment & Authorization (A&A)
- Security Architecture and Engineering
- Security Compliance and Remediation FISMA, NIST, FedRAMP, and Cloud Security

Mission

Our mission solutions are tailored to your organization's unique goals. Our services reduce costs, boost productivity, and maximize ROI, empowering you to focus on what matters most.

- Strategic Plans, Roadmaps, and Performance Metrics
- Communications and Change Management, Governance, and Stakeholder Engagement
- FITARA Support, Capital Planning Investment Control (CPIC)
- Logistics, Event/Conference Management and Facilities Management
- Administrative and Human Capital Management, Cradle-to-Grave Acquisition Support

We produce data solutions using AI/ML, ETL tools, and leading databases to help federal agencies turn information into actionable intelligence. Our capabilities drive smarter decisions, greater efficiency, and better federal output.

Data

- Artificial Intelligence (AI/ML) Enablement
- Data Dissemination
- Integration and Transformation
- Data Governance
- Engineering, Architecture, and Modeling

- Department of Homeland Security (DHS-CBP, TSA, USCIS)
- Department of War (DOW-USAF)
- Department of Health and Human Services (HHS-NIH SAMHSA, HRSA, AHRQ, ARPA-H, ACL)
- Department of Treasury (TREAS-IRS, Fiscal)
- Department of Commerce (DOC-Census)
- Department of Education (ED-OS, OESE)
- Nuclear Regulatory Commission (NRC)
- Department of Transportation (DOT-FHWA, FAA)
- Department of Veteran Affairs (VA)
- Department of Agriculture (USDA-FPAC)
- Federal Election Commission (FEC)
- Defense Advanced Research Projects Agency (DARPA)

Customer Testimonials

"I am very pleased that the contractor understood the government's needs and didn't just fill positions with random people. SD Solutions took time to find the right personnel to meet the goals of the contract and provide real value. I have been highly impressed with the quality of the personnel that SD Solutions has on this contract - the right people with the right skills."

- Divison Chief, OCIO

"The contractor's performance exceeded our expectation. Their level of professionalism remained consistent throughout the contract. Each step and phase of the project was, for the most part, ahead of schedule. This efficiency was of benefit, as a major modification had to be made to this project. Overall, I would state their performance was exceptional."

- Acting CFO

SD Cares - Our Community Impact

- Champion educational and employment opportunities in rural and HUBZone communities
- Established annual scholarship program in 2013 for high-achieving, low-income high school seniors
- Provide financial support for school library resources and student industry site visits
- Over 70 students supported through scholarships, part-time jobs, and mentorship initiatives

SD Innovation Lab

The SD Innovation Lab operates as the innovation engine of SD Solutions, embodying the spirit and agility of a Silicon Valley startup. We recruit top-tier talent to develop cutting-edge software solutions across key sectors including cybersecurity, emerging technologies, and fintech. By investing in bold ideas with real-world impact, we tackle complex challenges and address unmet needs. At SD Solutions, we don't just deliver technology, we deliver transformative solutions. It's not just our name — it's our mission.
