

YOUR FUTURE BEGINS

WITH SD SOLUTIONS

SD Solutions, LLC ...

- » Prioritizes quality, experience, & exceptional talent
- » Puts people first
- » Offers competitive compensation & an attractive benefits package
- » Gives back to our community

About Us

Since 2011, SD Solutions, LLC has supported over fifteen U.S. Federal Government agencies in cyber, digital, data, strategy, and professional services, receiving consistently exceptional ratings from our clients and employees as well as awards for our work and community service. We develop emerging technology solutions in our innovation lab, provide employee-focused wellness and training programs, and strive for a caring, productive, fun, and flexible work environment.

Mission: To deliver enduring results to our clients with our strong business acumen, technical solutions, and management services.

Vision: To be the company of choice for our clients, partners, employees, and community, making this possible with customer-focused resources, quality-centric processes, results-oriented methodologies, state-of-the-art tools and technologies, cost-effective principles, and efficient time management techniques.

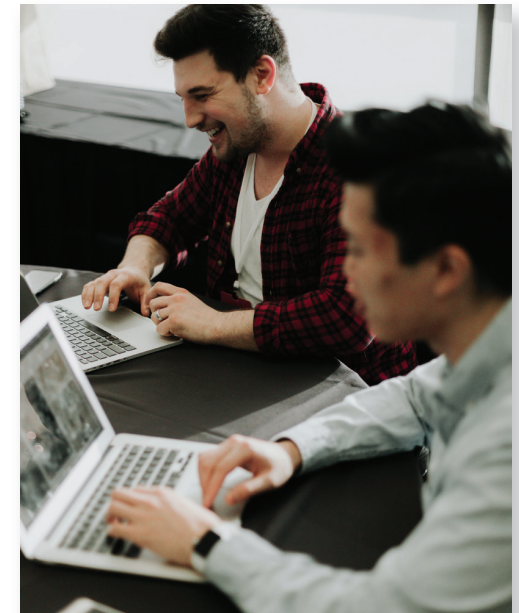

Core Values: Quality, Timeliness, Integrity, Trusted Relationships, and Corporate Citizenship

Services We Provide

- » Cybersecurity & Information Assurance
- » Legacy Modernization & Agile Transformation
- » Application & Platform Development
- » Strategy & Governance
- » Data & Analytics
- » Professional & Management Consulting

Innovation Lab

Our innovation lab is akin to a Silicon Valley startup. At SD Solutions, we hire bright minds to develop innovative software solutions applicable to a variety of fields, including cybersecurity, emerging tech, and fintech. We invest in ideas that have the potential to solve tough challenges and address unmet needs. After all, we are called SD Solutions for a reason.

SD Cares

Corporate citizenship is one of our core values. We are passionate about creating educational and employment opportunities in rural and historically underutilized business zones (HUBZones). In 2013, we created an annual scholarship award for aspiring high school seniors from local low-income neighborhoods.

We work with high schools to provide college scholarships, selecting students on the basis of GPA, volunteer work, citizenship, teacher references, financial background, and a written essay. We also provide schools with funds to purchase library books, arrange for industry site visits for students, and provide tech/career counseling.

We also created a tutoring program to hire paid teaching assistants to tutor other students to help improve their grades and SAT scores and to assist teaching staff with curriculum tasks. To date, over 70 students from HUBZones have benefitted from our scholarships and part-time jobs.

Awards

U.S. Department of the Treasury Small Business Prime Contractor 2016

Asian American Chamber of Commerce Corporate Social Responsibility 2020
